California Election Code Violation 18522

I would like to request an investigation of the attached mailer for the below listed issues:

- It appears this is a mailer by Independent Voters League that offered gift certificates to the recipient of the mailer to vote, however this mailer also endorsed Elito M. Santarina and Jim Dear for elective office.
- The Independent Voters League is registered with the Secretary of State as a slate mailer, only. The name of the individual responsible for the slate mailer is Fred Huebsher. This violates the rules for slate mailers in that a majority of the endorsed candidates must purchase a spot on the slate.
- The City of Carson has a contract with Fred Huebsher to provide election material that educates the public on Measure A. When the contract was awarded the City Council made it clear that he was only to be a consultant for education and not allowed to engage in campaigns for any candidate or measure.

I request an immediate investigation into this matter. If you have any questions or concerns, please call me at 310 549-4219.

Thank you
